Sportsmobile 4WD for Ford Vans

FOR FORD E-350 REGULAR & EXTENDED BODY VANS _____ **$17,499**

Dynatrac Pro Rock 60 front axle
Old Man Emu Shocks and Springs
Quick Disconnect Front Sway Bar
Ford F-550 brake rotors
Atlas II Gear Driven Transfer Case
46 Gallon Fuel Tank
Relocation of Rear Shock Mounts
Warn Premium Hubs standard with an option for the New DynaLok Front Hubs

NOTE • With Sportsmobile West's larger brake rotors, Ford's 16" wheels will not fit. Larger 17" or 18" wheels and tires will be required. See Options below.

The Benefits Of These "World Class" Components Are Enhanced Performance And Driving Comfort.

- 30% more clearance at front axle
- Better braking
- Vehicle can be driven in rear wheel drive, front wheel drive and four wheel drive.
- Tie rod is 3" higher than other manufacturers.
- Drag link is horizontal; no need for steering stabilizers, virtually no bump steer
- Partial military wrap leaf springs
- True one ton rated Spicer U-joints
- Tighter turning radius
- 26" of articulation with sway bar disconnected
- 10 forward gears and 2 reverse, in 2 or 4 wheel drive mode.
- Track width extended to 71", which is the same front and rear for added stability.
- Springs rate engineered for front and rear. Designed around SMB weight ratings.
- Shocks engineered and valved for SMB weight ratings.
- 25% more driving range from larger fuel system.
